A Greenback Case.
HAVING been compelled to accept of Legal Tender Notes at par since the 17th day of December, 1862, for the rent of my handsome Brick Store, corner of Morrison and Front streets, I feel compelled to announce for the benefit of the public at large, that
Jacob Mayer
Leased the building of me on the 17th day of February, 1862, for a term of years, at which time there was no such currency in vogue, and it was understood the terms were CASH. Since the date above stated I have received the depreciated currency regularly under protest for the rent of the
CITY OF PARIS STORE,
Making less than two-fifths of the real amount said Mayer was to pay. He had secured the building at very advantageous rates, and even were he now to comply with his contract, and pay in COIN, would be getting the best bargain in the city. I make this statement to show the public what kind of a man he must be to take such undue advantage of the times to convert a few dollars to himself by LEGAL SWINDLING. The public can readily see what it costs to have such tenants.

The Daily Oregonian.

"The flag of our Union forever!" [illegible]

FRIDAY MORNING, NOVEMBER 18, 1864.

News of To-day.

We have accounts of a destructive fire in Marysville, California, in which a large theatre and other valuable buildings were destroyed. The total loss is estimated at $50,000.

General Banks is talked of for the War Department, as Mr. Stanton is unable to attend to his duties, on account of ill health.

Bahia papers, Brazil, are said to give a full account of the seizure of the *Florida* in that port, and to give further intelligence that the American consul at that place was mobbed and driven out of the empire.

A great battle appears imminent near Richmond, and that Sheridan will join Grant in the assault.

Governor Brown, of Georgia, in his message, complains of the Confederate Government, and claims that State sovereignty exists as at the commencement of the contest, and thinks the South has made fearful strides toward centralized government and unlimited power, and believes that each State has a right to negotiate peace.

Governor Brown condemns guerrillas, who, he says, are robbing the people, and believes the people should be authorized to shoot them down whenever they attempt to rob.

Times are getting desperate in the Confederacy, and the chivalry are becoming tired of it. The climax will be reached before many months.

Davis' proposition to conscript the editors and newspaper men was the subject of newspaper comment, and the press seems to be unfriendly to him. The employment of negroes in the service is another bone of contention.

The treaty of peace was ratified in Vienna, and signed October 30. The Danish difficulty is therefore settled.

A terrific hurricane occurred at Calcutta, destroying 12,000 lives, $40,000,000 in property, and wrecking 110 ships—a terrible item of intelligence.

The allied fleet of French and English vessels had forced a passage through the Straits of Simonski with little loss.

The Emperor of Russia was on a visit to the King of Prussia.

The Branch Mint.

It is the fashion for some people to get very angry when their pet ideas and aspirations are interfered with, but facts are facts, and we shall adduce a few that favor the location of the branch mint in Portland.

The almost unanimous action of the State Legislature is significant enough, without comment, as to the desire of the people of our State on the mint question.

There are many people from Idaho in town at present, and they speak, without dissent, that the people of that Territory at large desire the mint located at Portland, if they are to depend upon it for coining the treasure produced in Idaho. They desire a mint to be built for their benefit at Boise City, which is not likely to be granted, and if they cannot secure that, and have to depend on the Oregon mint to do their business, they are anxious to have the institution put where they can make practical use of it—at the point which is decidedly the great stopping and starting point, as well as the business center of all the travel and trade of the Columbia river. General McCarver, long engaged in trade at the Dalles and at Idaho City, says this is the case with the people of all trades and occupations in Boise basin, so far as he is acquainted, and his knowledge of men and things there is quite extensive.

J. M. Kirkpatrick, Esq., a long time citizen of Oregon, for three years in the Eastern mining region, whose name and fame as a prospector is coextensive with the mineral regions of Oregon and Idaho, has been for more than a year past in Owyhee, where he has large interests. He allows his name to be used as authority for stating that Owyhee will be best suited to have the mint located at Portland, in preference to any other place in Oregon. While we know of many more who express the same opinions, we are not aware of any one that has ever come from there who expresses satisfaction with the location of a mint at the Dalles.

The delegate and delegate elect of Idaho have been here lately, and the friends of each claim that the view taken by them of this question coincides with that expressed above, and this is undoubtedly the view the upper country takes of the matter.

The country is at present very nearly drained of specie, and there is little on hand to buy gold dust with. Great inconvenience is felt in the business circles on that account. The *Brother Jonathan*, a few days since, took off probably over half a million of treasure, near $300,000 was in the hands Wells, Fargo & Co., alone, and there is generally a still greater amount in the hands of passengers, especially at the present season of the year.

The world does not realize that a great part of the treasure of the Pacific coast now comes down the Columbia river, and will be doubled when the mills that are being built on Jordan creek, South Boise, Powder River, and in the Boise Basin commence work.

The great field for permanent and profitable mining operations is now opening, on the head waters of the Columbia, and that region has a claim to be consulted in the location of the mint.

ACCIDENT NEAR THE DALLES.—The *Mountaineer* says that two sons of a Mr. Cate, aged [illegible] and 10 years, were injured last Tuesday by the overturning of a load of wool. The oldest had his leg broken in two places and may lose the limb. The youngest received severe internal injuries, and is in a precarious condition.

THE FLORIDA.—The telegraph to-day very kindly gives us three several reports, all alike, concerning the capture of the *Florida*. Our readers, if they find it repeated so often, will please recollect that we pay for it just as often, and it is rather more binding on us than them.

SCHOOL LANDS.—"An Act to provide for the sale of School Lands" is published in this issue, and will prove of interest to the newer portions of the State, where there are school lands for sale.

PRIVATE INCORPORATIONS.—Certain amendments have been adopted by the Legislature to the General Incorporation Act, so called, and they can to-day be read by all interested.

The Salem Resolutions.

[illegible] a short [illegible] many [illegible] the excitement of the election, [illegible] at least until the [illegible] and [illegible] oldest [illegible] of Marion county have had time to subside into their usual course.

Prophets have said there shall be wars and rumors of wars in the latter days, and these are the latter days that [illegible] anything [illegible] but who [illegible] have thought that the quiet [illegible] of our State capital could have become excited by the rumors of an intermediate war; that the nestling [illegible] village that lines the east bank of Willamette, would have lived to become the fulfillment of a prophecy?

A score or two of years ago Keith wrote upon the prophecies. What a pity he had not waited until to-day! Our neighbor up the river has certainly been in a state of alarm. We cannot, at this distance, see exactly how or why; but we have undoubtable proof in the narratives of her citizens, and the reports of her journals, that such was the case. It looks to us as if the good town was frightened at its shadow. There was, perhaps, the shadow of a man's hand with a dagger in it, dimly suggesting treason, arson and crime; but the people of that county, irrespective of parties, nine-tenths of them, if not ninety-nine hundredths, would not under any circumstances, countenance a breach of the peace, much less a revolutionary outbreak, based on political differences that would involve in the least degree the lives and property of the citizens. There are several reasons for this: there is too much personal friendliness, despite all their political differences; too much christianity in their hearts, if there are sometimes oaths upon their tongues; too much enlightened intelligence in the masses, to countenance—much less aid—insurrection.

The most rabid secessionist in our State has cause to thank God that the terrors of war and conscription do not surround us here. By peace they have everything to gain and nothing to lose, and they know this too well to tempt fate by a forfeiture of that indulgence that treats words of treason with contempt, while public sentiment and popular will would crush the overt act.

We do not believe the Union men of Marion county ever indulged in threats, though there are indiscreet and bad-tempered men in all parties. We have no apology to make for such, whatever ticket they may vote.

The trouble seemed to arise in some connection with the distribution of the quota of State arms among the counties. Who took exception to this we do not know. Every State in the Union has arms supplied it from the general Government, and thus distributes them, and we have history to show that some of the States have made very treasonable use of them.

Under the spur of excitement, the Salem people met together, passed resolutions, and then quieted down to their usual peaceful avocations.

After this meeting was held, we learn that a prominent exponent of Democracy, who was active in calling the meeting and in attendance at it, when in a store not far from the capitol building, remarked to a friend, "We made them come to terms anyhow."

The remark was in ill taste, especially for a man so recently alarmed to the degree he certainly was; but we are inclined to think it was founded on a bit of strategy, that was endorsed by the meeting. We quote the last resolution:

Resolved, That while we are willing to render cheerful obedience to the laws, and to assist the lawfully constituted authorities in enforcing the same, we believe that the continuance of peace and harmony in our midst depends more on the common sense and good disposition of the order-loving citizens of both parties, than in the display and exercise of power by our rulers, and that in these times of excitement and peril the duties of the officers of our States should be performed with consideration and caution, and all causes of needless irritation should be carefully avoided by both magistrates and people.

We are hardly willing to believe that the Union men of Salem intended to reflect upon the officers of State, or to insinuate aught against them, but they certainly have done so.

We ask when, and how, and where occasion has arisen for this?

The *Argus* alludes to the meeting, and uses language most insulting to the Executive, whom it accuses of a desire to rouse up civil war. He is called "ignorant," "evil disposed," "infamous," and it alludes to any "inflammatory message."

The *Argus* counts with confidence on the guidance of its party; appeals by such "inflammatory" and false statements to its baser instincts, and thus nullifies its own clamors after peace. The Governor is well enough known in the State to need no refutation of the attempted abuse, but the assertion that his last message—probably the one relating to Gen. McDowell's call for a regiment of infantry—was "inflammatory," is utterly untrue, unless representing the necessity of defending the frontiers and supporting the Government is itself "inflammatory."

There is no suiting the copsed especially those of the radical Confederate stripe, but perhaps there are Democrats who do not prefer to see the columns of their organs filled with Richmond statements; who can believe that the rebellion is at least as infamous as the Federal Government, and that while there are secret societies in our State, banded by "Democratic" oaths, and threatening, through the indiscretion of some members in good standing perhaps, civil outbreak against a majority, it is at least in good taste not to countenance inflammatory falsehoods.

We believe in peace; we advocate it; but whenever those who threaten war want to commence it, let them do so. If it has to come it cannot come too soon; but the retribution will be sudden and awful.

There is no danger, for every sensible man frowns it down, and ill-tempered threats are only the venting of the baser minds that are overawed by the better sense of an intelligent community.

TEXT BOOKS FOR COMMON SCHOOLS.—The following text-books have been recommended by the State Teachers' Institute of Oregon:

Webster's Dictionaries; Wilson's series of Readers; Thompson's series of Arithmetics; Cornell's Geographies; Pinco's First Lessons in English Grammar, (for beginners); Clark's English Grammar, for advanced classes; Quackenbos' Lessons in English Composition; Quackenbos' Lessons in School History; Spencerian System of Penmanship. Very respectfully,

A. C. GIBBS,
Sup't of Public Instruction.

MONEY ORDERS IN THE UNITED STATES.—The commission to be charged on money orders issued in the United States is ten cents on amounts not exceeding $10; fifteen cents on amounts above $10 and not exceeding $20, and beyond which amount no single order will be issued. The list of Post offices at present designated as money order offices is only limited, but it is to be hoped that it will soon be so extended that every town having a population of over one thousand will be included.

It is estimated that 75,000 gallons of wine will be made in Los Angeles county this season. Some think that the amount will reach a hundred thousand gallons.

DATES TO NOVEMBER 17.

NEW YORK, Nov. 17.—The *Herald's* special dispatch says Banks has been in consultation with the President to-day. It is reported in Administration circles that there is a strong probability of his being assigned to the portfolio of Secretary of War. Stanton is understood to be so ill that he was unable to be at the War Department during the past week.

It is expected that Hancock, in consequence of the condition of his wounds, will be relieved from the command of the Second Corps, and assigned to the command of the Department of Washington. Augur succeeded him in the army of the Potomac.

A deputation from Quakers in England, who came to this country to attend yearly meetings of friends in Baltimore and North Carolina, were refused admission within the rebel lines.

The *Herald's* special correspondent with Sheridan says it is stated that several regiments of the old Maryland line, whose term of service expired recently, have enlisted in Mosby's command, which, by these accessions, numbers from 1,500 to 2,000 men. Mosby is not sufficiently recovered from his wounds to take the field.

The *Sunday Mercury* has what purports to be a translation from the Bahia papers, relative to the capture of the *Florida*. It says: After her capture she was tied to the *Wachusett*, whose commander at once prepared for sea. The steel guns of the *Florida* and her crew were transferred to the *Wachusett*, and a portion of her crew were taken away to prevent her escape. As she was going out, the people gathered on the shore. The batteries were leveled at the vessels, when some of the men on the *Wachusett* fired their revolvers at the spectators, which increased the excitement. The *Mercury* says the residence of the American Consul at Bahia was mobbed by the people, and our Minister compelled to put to sea, having virtually been driven out of the empire. The Brazilian authorities were compelled to call out the army to suppress the riot.

NEW YORK, Nov. 11.—The Richmond *Examiner* says that thirty iron-clads, with a number of torpedo boats and transports lately arrived at City Point. Many intelligent officers are convinced that there will soon be a great battle along the whole line below Richmond. The battle depends upon the completion of Dutch Gap canal. The opinion is that Sheridan will join Grant in the assault on lines of Richmond, Petersburg and the south side of the railroad.

Governor Brown, of Georgia, in his message says: I am satisfied that a large majority of the people of this State disapprove of many acts of policy of the Confederate Administration. We should keep constantly in view the great principles upon which we entered into this unequal contest, and should rebuke every encroachment made upon them by our own Government. We have made fearful strides, since the war began, towards a centralized Government, with unlimited powers. He advocates State Sovereignty and the right of each State to negotiate terms of peace. In regard to guerrillas, he says: Bands of deserters from our armies, and small bodies of cavalry belonging to the Confederate service are constantly robbing and plundering our people. He recommends the passage of an act declaring all such outlaws, and authorizing citizens whom they may attempt to rob, to shoot them down or slay them in any other way in their power. He favors the use of negroes in every way except as soldiers.

NEW YORK, Nov. 13.—Richmond papers of the 10th have been received. In the rebel Senate a resolution was offered that it is sound to employ negroes in the army, in all positions except as soldiers. In the House there was a sharp debate on Foote's resolution denouncing Jeff. Davis' recommendation of repealing the exemption of editors and newspaper employees from military service. The resolution was finally deferred.

The Richmond *Enquirer* pronounces the recommendation of Davis as the first step towards Dictatorship.

The *Whig* criticises Davis' proposition to employ slaves in the army, and warns him and the Confederate authorities to mind their own business—which was to enforce and execute the military laws.

Late advices from Hood report him across the Tennessee river. Things are going as well as the heart could wish.

European Intelligence.

The steamship *Peruvian*, from Liverpool Nov. 1st and Queenstown Nov. 2d, has arrived.

John Leech, the celebrated caricaturist of *Punch*, is dead.

A treaty of peace was finally signed at Vienna October 30th. Ratifications were to be exchanged in three weeks afterward. The evacuation of Jutland will take place three weeks after the ratification.

A terrific hurricane occurred at Calcutta on the 5th October. Of two hundred ships in the Hoogly, nineteen were totally lost, and of the remainder only twenty were reported seaworthy. One hundred and fifty were driven from their moorings, and stranded. There was no serious loss of European lives. It is believed that the greater portion of the cargoes will be saved. There is much excitement at Lloyd's in view of the heavy losses.

The allied fleet of the Japanese forts and forcibly passed through the Straits of Simonski, with trifling loss. The Japanese had sued for peace.

Paris papers publish a telegram from Calcutta, giving the following details of destruction by the late hurricane: 110 ships were wrecked, and 12,000 persons drowned. The total loss is estimated at 200,000,000 francs. The greater portion of Calcutta was inundated. The villages bordering on the river are under water.

The steamship *Saxonia*, from New York, had not arrived out up to noon of the 3d.

The *Jura*, from Quebec, ran aground at Crosby's Point, at the entrance of the river Mersey, on the morning of the 3d, at high water. As the tide receded, she was left high and dry, and parted in the middle. The mails, passengers, and crew were landed safely. The weather was calm and hazy at the time of the disaster. The pilot mistook the lights. Efforts will be made to float the ship in two pieces, and tow her to her dock, six miles distant. She was uninsured.

The *Index*, Confederate organ in London, gives the following relative to the capture of the *Florida*: The Confederate authorities in London have received a telegraphic dispatch, dated Lisbon, from Captain Morris, commander of the *Florida*, stating that she was captured on October 7th, by the Federal steamer *Wachusett*, while in the harbor of Bahia, Brazil. At the time of the capture she was lying under the guns of the Brazilian forts and fleet. Captain Morris was on shore. He is now on the steamer *Magdalena*, bound from Southampton to Nova Scotia.

The *Journal Russe* asserts that the visits of the Czar to this place is simply an act of courtesy, devoid of any political object. Russia prefers liberty of action, and desires no alliances.

The Emperor of Russia arrived at Potsdam, Prussia, on Nov. 2d, on a visit to the king.

California News.

MARYSVILLE, Nov. 17.—About three o'clock this morning, a destructive fire broke out in the Marysville Theatre, on D street, between Second and Third streets, entirely consuming that edifice, with four stores underneath and adjacent. The south wall of the theatre building fell upon an adjoining two-story brick house, completely demolishing it. The roof of a third two-story brick house adjoining on the south, and occupied on the lower floors by the California State Telegraph Co.'s office and G. P. Pollard's drug store, was also partially burned, and the building and contents greatly damaged by water. A brisk north wind prevailed at the time of the fire, and it was only by the most strenuous exertions of the fire department that a still greater conflagration was prevented. The entire loss cannot be less than 50,000 dollars.

INVISIBLE WRITING.—The plan of writing with rice water, to be rendered visible by the application of iodine, was practised with great success in the correspondence during the late war in India. The first letter of this kind was received from Jelalabad concealed in a quill. On opening it, a small paper was unfolded, on which appeared only a single word, "iodine." The magic liquid was applied, and an important dispatch from Sir Robert Sale stood forth.

PROMOTED.—A Portland Maine paper says that Col. Jacob McClure, who was discharged for physical disability about eight months since, having recovered his health, enlisted in short time since as a one year substitute, receiving fifteen hundred dollars in cash. The next day Governor Cony telegraphed him, authorizing him to raise a battalion of 500 sharpshooters, and conferring the rank of Lieutenant-Colonel.

NOTICE.

THE attention of the public is called to the following Act passed by the Legislative Assembly of this State at the last session:

An Act to prevent Indians and half-bloods from unlawfully running at large, and to punish white persons for enticing them from the Reservation.

Section 1. Be it enacted by the Legislative Assembly of the State of Oregon: It shall be unlawful for any person to entice, induce, or persuade, any Indian or half breed who habitually resides with Indians to leave the Indian Reservation or territory where such Indian or half-breed belongs, or to harbor or conceal such Indian or half-breed, or to countenance or encourage, or in any way assist such Indian or half-breed to escape from, elude, or evade the agent or superintendent having charge of the tribe, unless such Indian or half-breed is absent by the written consent of the said superintendent or agent aforesaid.

Sec. 2. Any person who is guilty of a violation of the first section of this act shall be liable to a fine of twenty five dollars for the first offense, and not less than fifty nor more than one hundred for each subsequent offense, to be recovered in any action for debt before any circuit or county judge or justice of the peace in this State.

Sec. 3. All fines collected under this act shall be paid one half to the person making the complaint, and the other half to the common school fund of the county where the offense was committed: Provided, That nothing in this act shall be construed to interfere with fishing rights reserved to Indians by treaties with the United States.

Sec. 4. In order that the white settlements may be promptly relieved of the presence of vagabond Indians, this act shall be in force from and after its approval by the Governor.

Approved Oct. 21, 1864.

The efforts hitherto made by the Superintendent and the several Agents to rid the community of straggling Indians, have often been thwarted by thoughtless or evil-disposed persons who, through acquaintance with the Indians, have acquired an influence over them. This law affords a remedy for the evil, and the Indian Department will endeavor to have it rigidly enforced. The co-operation and assistance of citizens are respectfully requested.

Information of the whereabouts of vagabond Indians may be forwarded to the Superintendent's office at Salem, and will receive prompt attention.

AS A SPRING REMEDY, to purify and cleanse the Blood leaving it free from

BOILS.

WE READ THAT ONE OF the sorest afflictions that the patient Job was called upon to bear was that of boils, and they have been found to be, from that time to the present, the most troublesome and painful of visitors. We have known instances where individuals were sure to have these eruptions break out upon them once a month at least. They show an impure state of the blood, and that humor of some kind is lurking there, and the overplus of corruption is actually forced to the surface of the body, making its appearance in the form of Boils. Now, is it not best at once to purify the system? Do you ask what will do this? We answer, Scovill's Blood and Liver Syrup. It is curing humors in every form, and there is not a State of the Union where it has not accomplished the most astonishing cures.

MEETING OF THE COMMON COUNCIL.—The regular weekly meeting of the Common Council was held at the Council Chamber at seven o'clock last evening. Mayor Failing was present and occupied the Chair.

The following members were present—Councilmen Bennett, Cook, Frazar, Gradon, Hurgren, Hofman, McCraken, Robertson and Starr—9.

The minutes of the previous meeting were read by the Clerk and approved by the Council.

Petition of property owners on Washington street was received, asking for its improvement in a good and substantial manner, from Front street to the city limits, also a petition for four street lamps upon the same avenue, at the junction of Third, Fourth, Fifth and Sixth. These received favorable consideration, and were referred to the committee on streets and public property.

Communication from the Chief Engineer relative to needed improvements at the House of Company No. 2, was referred to the committee on fire and water.

Petition granting license to retail spirituous liquors at the Mammoth Saloon granted.

Proposition of Messrs. McCormick & Bushwiler, to publish the new City Charter, and such ordinances as the Council might desire in the forthcoming Portland Directory, at a nominal price, was referred to the committee on ways and means.

Permission was granted Messrs. Opitz, Sharf & Co. to use a portion of Washington street in their building operations, for 30 days.

Petition of John Donovan for relief, laid upon the table. Also petition of relief from F. C. Walters was received and indefinitely postponed.

The committee on fire and water reported favorably upon the account of F. Deilschneider, for repairs to Engine No. 4, $125. Report adopted and account laid upon the table. The same committee reported favorable, to granting 50 feet of rubber hose to be purchased for use of Fire Company No. 1, which report was adopted.

Communication of Portland Gas Company concerning contract for the furnishing of gas to street lamps for one year from the 12th inst., was submitted, together with an ordinance authorizing the Auditor to contract with the Company at the old rate of $6 50 per month for each lamp so lighted for one year. [Under a suspension of the rules the ordinance afterwards passed.]

Recorder McCoy submitted a report of the condition of affairs in his office, showing a balance of $10 in favor of the city over the expenses of the court since April 1st. The total amount of fines received during the time was $796 12; in coin $225 40 in currency $571 83, paid in to the city treasury, for which receipts are shown as vouchers. Report accepted.

An ordinance to establish the base line for city surveys, and regulating certain other important topographical measures for the improvement of the city, passed a third reading and was then referred to the committee on judiciary.

An ordinance authorizing a sewer to be constructed on Mill street, and appropriating the sum of $1,000 for such purpose, was laid upon the table, after a second reading.

The City Surveyor was authorized to make the preliminary survey for the above work.

The committee on streets and public property were authorized, by resolution, to have the plaza plowed and seeded in a right manner.

The City Assessor was authorized to revise the roll for 1864, so as to conform with the requirements of chapter 1, section 1, of the new Charter.

Council adjourned to meet on Tuesday evening.

WHY DON'T YOU DO SO?—Whenever you have the blues, something is sure to happen. We were behind hand last night. It was getting late. The engine had just begun to puff and wheeze at the idea of the heavy task to be required of it, for there was our own and our neighbor's weekly issues to be turned off, and our daily to be run through twice, making over seven thousand turns of the cylinder to print as many sheets, and it was ten o'clock to commence with. When in came a friend of ours—we knew he was a friend of ours by a remark he made "—and said, "here's something good to take," handing us a note at the same time. We know it wasn't our note, so we wasn't afraid to "take it up," which we did "promptly," and there we learned that there had been a wedding, and—what a printer would expect from a musical friend—a good wedding, too, for we had three kinds of cake and two of wine to remember it by. It would have done the world good, and some people would get married oftener, could they have seen with how much comfort we appropriated the comestibles and the come-drinkables to their proper use. Our friends have a printer's—half a dozen printers—blessings bestowed upon them. We drank to their long life and prosperity, and—who comes next?

CIRCUIT COURT.—In Circuit Court yesterday the following causes were decided: Shepherd vs. Goble, judgment for $160 34; Maussauer vs. Veeder, judgment reversed and verdict for defendant. This was a suit brought for the recovery of lost baggage by the guest of a hotel, and was referred to on the occasion of a former examination, when it was appealed to this Court. The cause of Gov. Abernethy vs L. C. Gray; judgment for $9,150; D. B. Hannah vs. Wm. Rawlston, judgment for $1,202 33; State of Oregon vs. Wm. Jackson forfeiture of recognizance and judgment for $500. The causes of the State vs. John McMillan, James Thompson and Barney McKinney, were given time to plead until to-day.

INTELLIGENT PIGS.—A rich joke occurred to one of our citizens a few days since, who had formerly resided in the country. He left his *villa* in charge of a young man of notable character, who in turn became tired of country life, and repaired to the city. The astonishment of the proprietor was great, upon visiting his retired location, on a bit of a hunt, to find that his premises were besieged with pigs, hogs, etc., of all sizes and dimensions, in doors and out. Some of the most intelligent of these swinish quadrupeds had actual possession of his bed, and others had taken its covering, dragged it to an adjoining sitting room, and thus they were snugly ensconced by the fire place, [less *fire*,] when discovered. All ideas of ducks and geese vanished instantly, and he made an onslaught upon the drove, sacrificing sundry roasters to his ire.

SPOILING THE SIDE WALKS.—At the corner of Madison and Front streets the side walk has become monopolized with teams making a "cut off" between the lamp post and buildings, and the frequent passing of wagons is likely to ruin the walk. This is in consequence of the very bad condition of the street; but we hope the Commissioner will not permit a *patch* of the side walk to be spoiled in such manner. If the streets are so bad that teams cannot pass upon them, and the city cannot afford to fix them up, perhaps the teams had better remain in the country until spring comes again, which will fetch the roads all right and dry once more.

THEATRICAL.—Last evening, "Second Love," and the comic drama of "Jolly Tars Ashore," were performed at the Willamette Theater. Miss Ince appeared in the difficult part of *Elinor Mowbray*, a blind girl, and Mr. Waldron in a character he does justice to always—a blunt young fox hunter, deeply in love with Elinor. The afterpiece was a perfect piece of fun. To-night Miss Ince makes her last appearance in Portland. Mrs. Julia Dean Hayne, a welcome favorite of other times, has returned, and will commence a new engagement on Saturday evening, under Mr. Pottier's efficient management.

FROSTY.—There was a very heavy frost yesterday morning, succeeding a day of pleasant sunshine. We are at a loss to account for the freaks of the clerk of the weather this season, but indications point to an almost certainty that there will be sufficient ice in the Willamette, during the winter, to fill Kalliths, and several million more ice houses, and we recommend people to govern themselves according to these symptoms.

ALMOST A FIRE.—A cigar, or ashes from a pipe, carelessly thrown upon the floor at Estes & Stumpson's saw mill in this city yesterday, nearly became the cause of a conflagration. A pail of lager, that had just reached the spot, put an end to the spread of the flame.

The bark *Almatia*, Capt. Miller, sails to-day for Oak Point, to receive a full cargo of lumber for San Francisco.

OWYHEE BULLION.—E. J. Carter, Esq., of this city, has received a quantity of crude bullion from Silver City, Owyhee, brought by Mr. Rotop, and deposited for assay at Tracy & King's. This was from ore crushed at A. P. Minear & Co.'s mill, and is another evidence of what Owyhee will produce in the way of Silver Bricks the coming season. There is nearly 500 ounces in this lot, and we are pleased to see it arriving in such liberal shipments as there is no telling how many fine brick buildings will rise up in consequence of the productiveness of this ... material. Matters are progressing very handsomely in Owyhee. At the annual meeting of the Morning Star Gold and Silver Tunnel Company, Hon. A. C. Swift was elected President and A. P. Minear Esq. Secretary. The trustees of the Company are: Governor Gibbs, of our city, Hon. A. C. Swift, of Silver City, W. S. Bennington, A. P. Minear, and Uriah Perry. The Tunnel of this Company is being pushed forward night and day, into the very comb-work of one of the richest mountains of ledges ever known, and promises the most abundant wealth to its projectors and every person interested in it. We inadvertantly mis-stated the dimensions of this important work not many weeks since, and take this occasion to correct the same—the tunnel is 4½ by 6½ feet in the clear. There are hundreds of ledges within a very short distance of the present extension, the owners of which have abandoned the sinking of shafts, preferring to use the tunnel. The number of new ledges that will be struck in this enterprise is of course unknown to man, but they must be innumerable, from the character of the region through which it passes. Owyhee is a busy place just now, and one year more will show an immense increase in its bullion shipments.

RECORDER'S COURT.—The usual number of d. & d. cases were decided before Recorder McCoy yesterday, resulting in two commitments to the city jail for the aggregate of six days, and the receipt of one fine and cost imposed.

MEETING OF THE COMMON COUNCIL.—The regular weekly meeting of the Common Council was held at the Council Chamber at seven o'clock last evening. Mayor Failing was present and occupied the Chair.

The following members were present—Councilmen Bennett, Cook, Frazar, Gradon, Hurgren, Hoffman, McCraken, Robertson and Starr—9.

The minutes of the previous meeting were read by the Clerk and approved by the Council.

Petition of property owners on Washington street was received, asking for its improvement in a good and substantial manner, from Front street to the city limits; also a petition for four street lamps upon the same avenue, at the junction of Third, Fourth, Fifth and Sixth. These received favorable consideration, and were referred to the committee on streets and public property.

Communication from the Chief Engineer relative to needed improvements at the House of Company No. 2, was referred to the committee on fire and water.

Petition granting license to retail spirituous liquors at the Mammoth Saloon granted.

Proposition of Messrs. McCormick & Bushwiler to publish the new City Charter and such ordinances as the Council might desire in the forthcoming Portland Directory, at a nominal price, was referred to the committee on ways and means.

Permission was granted Messrs. Opitz, Sharf & Co. to use a portion of Washington street in their building operations, for 30 days.

Petition of John Donovan for relief, laid upon the table. Also, petition of relief from T. C. Walters was received and indefinitely postponed.

The committee on fire and water reported favorably upon the account of F. Deilschneider, for repairs to Engine No. 4, $125. Report adopted and account laid upon the table. The same committee reported favorably to granting 50 feet of rubber hose to be purchased for use of Fire Company No. 1, which report was adopted.

Communication of Portland Gas Company concerning contract for the furnishing of gas to street lamps for one year from the 12th inst., was submitted, together with an ordinance authorizing the Auditor to contract with the Company at the old rate of $6 50 per month for each lamp so lighted for one year. [Under a suspension of the rules the ordinance afterwards passed.]

Recorder McCoy submitted a report of the condition of affairs in his office, showing a balance of $10 in favor of the city over the expenses of the court since April 1st. The total amount of fines received during the time was $796 72—in coin $225 40 in currency $571 33, paid in to the city treasury, for which receipts are shown as vouchers. Report accepted.

An ordinance to establish the base line for city surveys, and regulating certain other important topographical measures for the improvement of the city, passed a third reading and was then referred to the committee on judiciary.

An ordinance authorizing a sewer to be constructed on Mill street, and appropriating the sum of $1,000 for such purpose, was laid upon the table, after a second reading.

The City Surveyor was authorized to make the preliminary survey for the above work.

The committee on streets and public property were authorized, by resolution, to have the plaza placed and seeded in a right manner.

The City Assessor was authorized to revise the roll for 1864, so as to conform with the requirements of chapter 1, section 1, of the new Charter.

Council adjourned to meet on Tuesday evening.

WHY DON'T YOU DO SO?—Whenever you have the blues, something is sure to happen. We were behind hand last night. It was getting late. The engine had just begun to puff and wheeze at the idea of the heavy task to be required of it, for there was our own and our neighbor's weekly issues to be turned off, and our daily to run through twice, making over seven thousand turns of the cylinder to print as many sheets, and it was ten o'clock to commence with. When in came a friend of ours—"we know he was a friend of ours by a remark he made"—and said, "here's something good to take," handing us a note at the same time. We knew it wasn't our note, so we wasn't afraid to "take it up," which we did "promptly," and there we learned that there had been a wedding, and—what a printer would expect from a musical friend—a good wedding, too, for we had three kinds of cake and two of wine to remember it by. It would have done the world good, and some people would get married oftener, could they have seen with how much comfort we appropriated the comestibles and the come-drinkables to their proper use. Our friends have a printer's—half a dozen printers—blessings bestowed upon them. We drank to their long life and prosperity, and—who comes next?

CIRCUIT COURT.—In Circuit Court yesterday the following causes were decided: Shepherd vs. Goble, judgment for $160 34; Maussauer vs. Veeder, judgment reversed and verdict for defendant. This was a suit brought for the recovery of lost baggage by the guest of a hotel, and was referred to on the revision of a former examination, when it was appealed to this Court. The cause of Gov. Abernethy vs L. C. Gray, judgment for $9,150; D. B. Hannah vs. Wm. Rawlston, judgment for $1,202 81; State of Oregon vs. Wm. Jackson forfeiture of recognizance and judgment for $500. The cases of the State vs. John McMillan, James Thompson and Barney McKinney, were given time to plead until to-day.

INTELLIGENT PIGS.—A rich joke occurred to one of our citizens a few days since, who had formerly resided in the country. He left his *villa* in charge of a young man of notable character, who in turn became tired of country life and repaired to the city. The astonishment of the proprietor was great, upon visiting his retired location, on a bit of a hunt, to find that his premises were besieged with pigs, hogs, etc., of all sizes and dimensions, in doors and out. Some of the most intelligent of these swinish quadrupeds had actual possession of his bed, and others had taken its covering, dragged it to an adjoining sitting room, and thus they were snugly ensconced by the fire place, [less *fire*,] when discovered. All ideas of ducks and geese vanished instantly, and he made an onslaught upon the drove, sacrificing sundry roasters to his ire.

SPOILING THE SIDE WALKS.—At the corner of Morrison and Front streets the side walk has become monopolized with teams making a "cut off" between the lamp post and buildings, and the frequent passing of wagons is likely to ruin the walk. This is in consequence of the very bad condition of the street, but we hope the Commissioner will not permit a patch of the side walk to be spoiled in such manner. If the streets are so bad that teams cannot pass upon them, and the city cannot afford to fix them up, perhaps the teams had better remain in the country until spring comes again which will fetch the roads all right and dry once more.

THEATRICAL.—Last evening, "Second Love," and the comic drama of "Jolly Tars Ashore," were performed at the Willamette Theater. Miss Ince appeared in the difficult part of *Elinor Mowbray*, a blind girl, and Mr. Waldron in a character he does justice to always—a blunt young fox hunter, deeply in love with Elinor. The afterpiece was a perfect piece of fun. To-night Miss Ince makes her last appearance in Portland. Mrs. Julia Dean Hayne, a welcome favorite of other times, has returned, and will commence a new engagement on Saturday evening, under Mr. Potter's efficient management.

FROSTY.—There was a very heavy frost yesterday morning, succeeding a day of pleasant sunshine. We are at a loss to account for the freaks of the clerk of the weather this season, but indications point to an almost certainty that there will be sufficient ice in the Willamette, during the winter, to fill Kallick's, and several million more ice houses, and we recommend people to govern themselves according to these symptoms.

ALMOST A FIRE.—A cigar, or ashes from a pipe, carelessly thrown upon the floor at Estes & Stimpson's saw mill in this city yesterday, nearly became the cause of a conflagration. A pail of lager, that had just reached the spot, put an end to the spread of the flame.

The bark Almatia, Capt. Miller, sails to-day for Oak Point, to receive a full cargo of lumber for San Francisco.

OWYHEE BULLION.—T. J. Carter, Esq., of this city, has received a quantity of crude bullion from Silver City, Owyhee, brought by Mr. Hotop, and deposited for assay at Tracy & King's. This was from ore crushed at A. P. Minear & Co.'s mill, and is another evidence of what Owyhee will produce in the way of Silver Bricks the coming season. There is nearly 500 ounces in the lot, and we are pleased to see it arriving in such liberal shipments as there is no telling how many fine brick buildings will rise up in consequence of the productiveness of this polished material. Matters are progressing very handsomely in Owyhee. At the annual meeting of the Morning Star Gold and Silver Tunnel Company, Hon. A. C. Swift was elected President and A. P. Minear Esq., Secretary. The trustees of the Company are: Governor Gibbs, of our city, Hon. A. C. Swift, of Silver City, W. S. Bennington, A. P. Minear, and Uriah Perry. The Tunnel of this Company is being pushed forward night and day, into the very comb-work of one of the richest mountains of ledges ever known, and promises the most abundant wealth to its projectors and every person interested in it. We inadvertantly mis-stated the dimensions of this important work not many weeks since, and take this occasion to correct the same—the tunnel is 4½ by 6½ feet in the clear. There are hundreds of ledges within a very short distance of the present extension, the owners of which have abandoned the sinking of shafts, preferring to use the tunnel. The number of new ledges that will be struck in this enterprise is of course unknown to man, but they must be innumerable, from the character of the region through which it passes. Owyhee is a busy place just now, and one year more will show an immense increase in its bullion shipments.

RECORDER'S COURT.—The usual number of d. & d. cases were decided before Recorder McCoy yesterday, resulting in two commitments to the city jail for the aggregate of six days, and the receipt of one fine and cost imposed.

THE BARK SAM. MERRITT.—This vessel, Capt. Waggin Master, sailed on the 8th inst. from San Francisco for Portland, and hence is ten days out.

THE ATTENTION OF THE TRADE IS PARTICULARLY requested to the above favorite brand of Oysters. Messrs. McMurray & Co. claim to be the only firm that still adheres to the plan of opening the Oyster in its raw state by hand, thus preserving intact its native delicacy and flavor. The superiority of this method over the one in general use, of steaming the Oysters in bulk in order to open them, whereby the natural flavor is lost and a manufactured one has to be substituted, is apparent, and recommends itself to all who have given the brand a trial. The undersigned are receiving fresh invoices by each arrival of clippers from New York, which they offer to the trade on favorable terms.

"Where do they live?" said the Judge, getting very red as a snicker goes around the room.

"They live home."

"Where in thunder is their home?" roars the Judge.

LAWS OF OREGON.

Acts passed at the Third Regular Session of the Legislative Assembly.

AN ACT to provide for the sale of School Lands, and the management of the Common School Fund.

Be it enacted by the Legislative Assembly of the State of Oregon:

Section 1. That the Governor, Secretary of State and State Treasurer, as a Board of Commissioners for the sale of School Lands and the management of the Common School Fund, are hereby authorized and required to sell to actual settlers, in such quantities as they shall deem most advantageous to the State, not exceeding a half section to any one settler, the lands selected and to be selected for common school purposes, as fast as such selections shall be approved by the Commissioner of the General Land Office, at the price of one dollar and twenty-five cents per acre, payable in any lawful money of the United States. *Provided*, that the [illegible] fixed in this section shall apply only to such tracts of land as were or may be occupied by actual and bona fide settlers, at the time the land was or shall be designated as State land; and all State lands sold [illegible] subsequently to such designation or location, shall be sold for two dollars per acre.

Sec. 2. The application of the purchaser shall be accompanied by his affidavit, taken and certified by a notary, or other officer having a seal, that he has not voluntarily borne arms against the United States, nor aided or encouraged the rebellion, and that he will bear true faith and allegiance to the United States, against all enemies, foreign and domestic; that he is residing on the land which he applies to purchase, and intends to make it his home; and that he knows of no prior settler claiming any part of said land. And such applicant on paying to the Commissioners one-third part of the purchase money, and interest [illegible] shall receive from them a certificate that he has purchased the land therein described, and will be entitled to a deed thereof for on payment of the sum of money therein specified, in any lawful money of the United States, with interest in coin at ten per cent. per annum, payable annually. And when the purchase money and the interest, if any, shall be fully paid, the purchaser shall receive a deed substantially in the following form, on payment of a fee in coin of five dollars therefor: In consideration of —— dollars, paid to the Board of Commissioners for the sale of School Lands, the State of Oregon doth grant, bargain, sell and convey unto ——, his heirs and assigns, the —— half of section —— of township —— north (or south), in range —— east (or west), of the [Willamette] meridian, in the district of lands subject to sale at Oregon City (or other apt description, as the case may require). Witness the Seal of the State affixed [L. S.] this —— day of ——, 18—. —— Governor; —— Secretary; —— Treasurer. Which deed, without acknowledgment, shall be admitted to record and shall convey to the grantee all the estate which the State had in the land at the date thereof. And the Commissioners shall preserve, in a bound volume, duplicates of all such deeds, with an alphabetical index of the names of the grantees, and such duplicates shall be primary evidence of such conveyance.

Sec. 3. Assignments of [illegible] certificates may be made as follows, and not otherwise: The assignor shall make to the assignee a deed of conveyance in due form, as for the sale of a fee simple estate, and shall deliver the certificate with his name endorsed thereon, together with the deed to the assignee, who shall deliver the certificate and deed, together with his own application and affidavit, to the Commissioners, to be filed with the original application and affidavit; and the interest being paid to that date, a new certificate shall be issued to the assignee, as an original purchaser, on payment of the fee therefor.

Sec. 4. The Commissioners shall preserve in a bound volume duplicates of all certificates issued, and an alphabetical index to the same, and shall note on the back of each such duplicate all payments of interest thereon.

Sec. 5. If any interest on any [illegible] shall remain unpaid one year after the same is due, the sale and certificate shall be void, and all payments thereon shall be forfeited, and the land shall be deemed to be vacant and shall be subject to sale as if it had not before been sold.

Sec. 6. When a tract containing less than three hundred and twenty acres has been selected and sold by the United States as school section, the settler or settlers shall be required to pay [illegible] price as will indemnify the State for the [illegible] quantity.

Sec. 7. The Commissioners may make rules for the transaction of business under this act, and their decisions upon all questions about priority of settlement and all other disputes between applicants, or land claimants and deeds, shall be final. And all necessary expenses for books, maps, blanks, stationery, postage and other incidents of the business during the [illegible] shall be audited, upon proper vouchers, and paid out of the School Commissioners' Fund.

Sec. 8. The principal sums arising from such sales, and all other moneys belonging to the [illegible] School fund of the State, shall, when [illegible] be loaned by the Commissioners at ten per cent. per annum, payable annually [illegible] And [illegible] shall be made payable in coin at a [illegible] time after [illegible] upon unincumbered real [illegible] the money loaned [illegible] provements, or be [illegible] United States bonds, or the [illegible] of this State. [illegible]

Sec. 2. Section 8, [illegible] is hereby repealed, and the following enacted in lieu thereof: Sec. 8. No person shall be eligible to the office of director, unless he is a stockholder in the corporation, and a director ceasing to be such stockholder, ceases to be a director. Before entering upon the discharge of their duties, the directors shall each take and subscribe an oath, to faithfully and honestly discharge such duties.

Sec. 3. Section 10 of such act, is hereby repealed, and the following enacted in place thereof: Sec. 10. The notice of the time and place of the first meeting of the stockholders for the election of directors shall be given by publication of the same for thirty days before such meeting in some newspaper published at least once a week, in the county where the meeting is to be held, or in some newspaper published in like manner and in general circulation therein: *Provided*, that nothing herein contained shall be construed to prevent such stockholders from holding such meeting for the election of directors, before the expiration of thirty days after such stock is subscribed, and without the publication of the notice above referred to: *Provided, further*, that all such stockholders shall be present at such meeting, or consent thereto in writing, which consent shall be filed with the secretary of such company. All notices of subsequent meetings of stockholders or directors shall be given for such time and in such manner as the directors may prescribe.

Sec. 4. Sec. 19, of such act, is hereby repealed, and the following enacted in place thereof: Sec. 19. Any corporation organized under the provisions of this act, may at any meeting of the stockholders which is called for such purpose, by a majority of the stock of such corporation, increase or diminish its capital stock, or the amount of the shares thereof, or authorize the dissolution of such corporation, and the settling of its business and disposing of its property and dividing its capital stock: *Provided, however*, that the capital stock of any corporation formed under this act, except corporations formed for the purpose of making and constructing a railroad, shall never exceed the sum of two millions of dollars; and any corporation that shall violate the provision of this act, shall forfeit its corporate rights.

Sec. 5. Owing to the necessity of increasing the capital stock of existing corporations, at the earliest time practicable, this act shall take effect and be in force from and after its passage.

Approved, October 24th, 1864.

Proclamation.

STATE OF OREGON, EXECUTIVE DEPARTMENT, October 24th, 1864.

WHEREAS, I have received a requisition from Major General Irwin McDowell, commanding the Department of the Pacific, acting under the authority of the War Department, for one regiment of infantry, in addition to the volunteers now in the service of the United States, to aid in the enforcement of the laws, suppress insurrection and invasion, and to chastise hostile Indians in this military district.

Now, therefore, I, ADDISON C. GIBBS, Governor of the State of Oregon, and Commander-in-Chief of the militia thereof, do hereby call upon the citizens of this State to organize themselves into companies sufficient to fill the foregoing requisition.

In witness whereof, I have hereunto set my hand, [L.S.] and caused the seal of the State of Oregon to be affixed. Done at Salem this 24th day of October, A. D. 1864. ADDISON C. GIBBS, *Governor of Oregon.*

Attest: SAMUEL E. MAY, *Secretary of State.*

The following is hereby promulgated: The plan of recruiting and organizing the above force, will be as follows, until further notice:

RECRUITING.

The regiment will be known as the First Infantry, Oregon Volunteers. The field, staff and line officers will be commissioned by the Governor. The State will be divided into districts, according to the number of persons in such district liable to military duty. When such district has furnished its quota of men, there will be no draft in the same under this call. Each district will furnish one company.

Commissions will be issued by the Governor, to company officers, conditioned that they shall recruit their respective companies, and be ready to be mustered into the service, within a time hereafter to be named.

A company rendezvous will be established at some central point in each district, and, if practicable, all recruits will be retained there until the company is filled and ready to be mustered into service.

The State has provided by law for the payment of a bounty of $150 in State interest-bearing bonds, payable in gold to each volunteer mustered into the service, in addition to the bounties authorized to be paid by the United States. (See Statutes 1863-4, page 46.)

The wages of a soldier, in addition, are $16 per month, besides clothing, commutation rations, and allowances, furnished by the United States. (See Statutes 1863, page 602.)

ORGANIZATION.

The proper organization and strength of a regiment of infantry is as follows:

One (1) colonel, one (1) lieutenant colonel, one (1) major, one (1) adjutant (an extra lieutenant), one (1) quartermaster (an extra lieutenant), one (1) surgeon, two (2) assistant surgeons, one (1) chaplain, one (1) sergeant major, one (1) regimental quartermaster sergeant, one (1) regimental commissary sergeant and one (1) hospital steward. Ten companies form a regiment.

COMPANY OF INFANTRY.

One (1) captain, one (1) 1st lieutenant, one (1) 2d lieutenant, one (1) 1st sergeant, four (4) sergeants, eight (8) corporals, two (2) musicians, one (1) wagoner, sixty-four (64) privates, minimum, and eighty-two (82) privates, maximum, [illegible]

[illegible] who will be [illegible] and paid as privates.

The following is the estimated

To the County Officers:

Other States have filled with commendable promptitude every call that has been made upon them. The people have a very natural repugnance to a draft, under which every drafted man must serve or furnish a substitute. Under [illegible] there must inevitably be some cases of severe hardship. LE DOYEN'S

SARSAPARILLA, YELLOW DOCK

—AND—

IODINE ALTERATIVE

FOR THE

CONSTITUTION.

CLEANSE THE BLOOD.

WITH corrupt, disordered or vitiated Blood you must be sick all over. It may burst out in pimples, or sores, or in some active disease, or it may merely keep you listless, depressed and good for nothing. But you cannot have good health while your blood is impure. Sarsaparilla purges out these impurities and stimulates the organs of life into vigorous action, restoring the health and repelling disease. Hence it rapidly cures a variety of complaints which are caused by impurities of the blood, such as Scrofula or King's Evil, Tumors, Ulcers, Sores, Eruptions, Pimples, Blotches, Boils, St. Anthony's Fire, Rose or Erysipelas, Tetter or Salt Rheum, Scald Head, Ring Worm, Cancer or Cancerous Tumors, Sore Eyes, Female Diseases, such as Retention, Irregularity, Suppression, Whites, Sterility, Syphilis or Venereal Diseases, Liver Complaints and Heart Diseases.

Blood and Liver.

This valuable Medicine is now available to the public for the cure of

SCROFULA, CONSUMPTION, RHEUMATISM, CANCER, HEART, LIVER AND KIDNEY DISEASES, NEURALGIA, NERVOUS AFFECTIONS, BRONCHITIS, DYSPEPSIA, &c.

AS A TONIC,

Its operations are evinced by strengthening the digestive organs and increasing the appetite. In cases of Dyspepsia, Emaciation and Debility, an increased nutrition of the body is the result of the employment of Iodine. The patient recovers flesh, strength and color. With the pale, relaxed and feeble, he becomes full, strong and florid.

Are you sick, feeble and complaining? Are you out of order, with your system deranged and your feelings uncomfortable? These symptoms are often the prelude to serious illness. Some fit of sickness is creeping upon you, and should be averted by a timely use of the right remedy. Take Le Doyen's Sarsaparilla, and cleanse out the disordered system—purify the blood, and let the fluids move on unobstructed in health again.

AS A LITHONTRIPTIC.

It has no equal, being chemically combined with Iodine, it possesses a high degree the power of dissolving Stone in the Bladder, and Calculus of the Kidneys, preventing gravel formation and concretions of the prostrate glands, irritation of the neck of the bladder, &c.

Portland, Oregon, Nov. [illegible], 1864. [illegible]

From the army hospital, the bloody battle-field, the mansion of the rich, and humble abode of the poor—from the office and the sacred desk—from the mountain top, distant valleys, and far-off islands of the ocean—from every nook and corner of the civilized world, is pouring in the evidence of the astonishing effects of DRAKE'S PLANTATION BITTERS. Thousands upon thousands of letters like the following, may be seen at our office:

ROCHESTER, Sept. 16, 1864.

[illegible] I have been in the Army hospitals for [illegible] months—speechless and nearly dead. At Alton [illegible] they gave me a bottle of Plantation Bitters. [illegible]

C. A. FLAUTE.

[illegible] N. Y., June 28, 1863.

[illegible] This young man, who had been sick a great deal of the house, for two years with Scrofula and Erysipelas, after paying the doctors over $150 without benefit, has been cured by ten bottles of your Bitters.

EDWARD WOUNALL.

The following is from the manager of the Union Home School for the Children of Volunteers:

HAVEMEYER MANSION, FIFTY-SEVENTH STREET, New York, August [illegible], 1863.

Dr. Drake—Your wonderful Plantation Bitters have been given to some of our little children, suffering from weakness and weak lungs, with most happy effect. One little girl, in particular, with pains in her head, loss of appetite, and daily wasting consumption, on whom all medical skill had been exhausted, has been entirely restored. We commenced with a teaspoonful of Bitters a day. Her appetite and strength rapidly increased, and she is now well. Respectfully,

MRS. O. M. DEVOE.

[illegible] I owe much to you, for I verily believe the Plantation Bitters have saved my life.

REV. W. H. WAGGONER, Madrid, N. Y.

[illegible] Thou wilt send me two bottles more of thy Plantation Bitters. My wife has been greatly benefited by their use. Thy friend,

ASA CURRIN, Philadelphia, Pa.

[illegible] I have been a great sufferer from dyspepsia, and had to abandon preaching. [illegible] The Plantation Bitters have cured me.

REV. J. S. CATHORN, Rochester, N. Y.

[illegible] Send us twenty-four dozen more of your Plantation Bitters, the popularity of which is daily increasing with the guests of our house.

SYKES, CHADWICK & CO., Proprietors Willard's Hotel, Washington, D. C.

[illegible] I have given the Plantation Bitters to hundreds of our disabled soldiers with the most astonishing effect.

G. W. D. ANDREWS, Superintendent Soldiers Home, Cincinnati, O.

[illegible] The Plantation Bitters have cured me of liver complaint, of which I was laid up prostrate and had to abandon my business.

H. B. KINGSLEY, Cleveland, O.

[illegible] The Plantation Bitters have cured me of a derangement of the Kidneys and urinary organs that has distressed me for years. It acts like a charm.

C. C. MOORE, 254 Broadway, N. Y.

etc. etc. etc. etc. etc.

The Plantation Bitters make the weak strong, the languid brilliant, and are exhausted nature's great restorer. They are composed of the celebrated Calisaya Bark, Wintergreen, Sassafras, Roots, Herbs, &c., all preserved in perfectly pure St. Croix Rum.

S. T.—1860.—X.

Persons of sedentary habits troubled with weakness, lassitude, palpitation of the heart, lack of appetite, distress after eating, torpid liver, constipation, &c., deserve to suffer if they will not try them.

They are recommended by the highest medical authorities, and are warranted to produce an *immediate* beneficial effect. They are exceedingly agreeable, perfectly pure and harmless.

NOTICE.—Any person pretending to sell Plantation Bitters in bulk or by the gallon is a swindler and impostor. It is put up only in our patent log cabin bottle. Beware of bottles refilled with imitation deleterious stuff, for which several persons are already in prison. See that every bottle has our private United States Stamp over the cork unmutilated, and signature on steel plate side label.

Sold by respectable dealers throughout the habitable globe.

"CONSTITUTION WATER,"

THE ONLY REMEDY FOR DISEASES OF THE

BLADDER, KIDNEYS,

Gravel, Dropsical Swellings,

GENITAL DEBILITY, ETC.

THE ASTONISHING SUCCESS WHICH HAS ATTENDED this invaluable medicine, renders it the most valuable one ever discovered. No language can convey an adequate idea of the immediate and almost miraculous change which it occasions in the debilitated and shattered system. In fact, it stands unrivalled as a remedy for the permanent cure of the maladies above mentioned, and also

DIABETES, IMPOTENCY,

LOSS OF MUSCULAR ENERGY,

PHYSICAL PROSTRATION,

INDIGESTION,

SEMINAL WEAKNESS,

GLEET, FLUOR ALBUS,

And in every disease in any way connected with the disorder or decay of the Procreative Functions. Persons about to marry, it conscious of any weakness, should take the

CONSTITUTION WATER,

Whether broken down by excess, weak by nature, or impaired by sickness, the unstrung and relaxed organization is at once restored, renewed and built up. Well may this celebrated medicine be called the

MEDICAL WONDER.

The stooping, trembling victim of depression and debility becomes a new man; he stands erect, he moves with a firm step; his mind, which was previously sunk in gloom or an almost idiotic apathy, becomes bright and active; and he goes forth regenerated, conscious of new vigor. The medicine reaches the CONSTITUTION itself, and restores it to its normal condition.

IRRITATION OF THE NECK OF THE BLADDER, INFLAMMATION OF THE KIDNEYS, AND CATARRH OF THE BLADDER, STRANGURY AND BURNING, OR PAINFUL URINATING, CALCULUS, GRAVEL, BRICK DUST DEPOSIT, AND MUCOUS OR MILKY DISCHARGES AFTER URINATING.

For these diseases it is truly a sovereign remedy, and too much cannot be said in its praise. A single dose has been known to relieve the most urgent symptoms. TRY IT in these cases, and you will ever give praise to

CONSTITUTION WATER.

Males or Females,

Are you troubled with that distressing pain in the small of the back and through your hips? CONSTITUTION WATER will relieve you like magic.

Certificate of Dr. Hayes.

It is well known that the medicinal effects of Protoxide of Iron is lost by even a very brief exposure to air, and that to maintain a solution of Protoxide of Iron, without further oxidation, has been deemed impossible.

In the Peruvian Syrup, this desirable point is attained by COMBINATION IN A WAY BEFORE UNKNOWN; and this solution may replace all the proto-carbonates, citrates and tartrates, of the Materia Medica. A. A. HAYES, M. D., Assayer to the State of Massachusetts.

IODINE WATER.

IODINE WATER IS THE MOST IMPORTANT DISCOVERY of modern chemistry, that it is impossible to over-estimate its influence as a remedial agent. Iodine has been considered the most useful article in Materia Medica, and many of the [illegible] chemists and physicians have [illegible] its effects upon the human system. It is to [illegible]

HEART,

LIVER, KIDNEYS,

DIGESTIVE ORGANS and GLANDULAR SYSTEM,

and to have great control over

SCROFULOUS AFFECTIONS.

Notwithstanding the zeal and ability which have been devoted to its investigation, it has remained almost useless, until Dr. Henry Anders, a physician and chemist of New York, after years of patient labor and experiment, discovered a chemical process which enabled him to dissolve

PURE IODINE IN PURE WATER,

without a solvent. This was deemed impossible by the scientific world. It is attested by certificates of analysis from Dr. J. R. Chilton, of New York, and Prof. Booth, U. S. Mint, Philadelphia. The importance of this discovery was so highly approved by the faculty, that it was published in the Medical Journals, and its use recommended by practitioners. (See American Medical Monthly, July 6, 1856, page 76.)

This valuable remedy is now available to the public for the cure of Scrofula and all its manifold forms, Consumption, Cancer, Heart, Liver and Kidney Diseases, Rheumatism, Neuralgia, Nervous Affections, Dyspepsia, Bronchitis, etc.

AS A TONIC

Its operation is evinced by strengthening the digestive organs and increased nutrition of the body is the result of the employment of Iodine. The patient recovers flesh, strength and color, while to the pale, relaxed and feeble, he becomes full, strong and florid.

Full directions accompany each bottle.

ALLEN'S

LUNG BALSAM!

The Remedy for Curing

CONSUMPTION, COUGHS, COLDS,

Asthma, Croup,

Diseases of the Throat, Bronchitis, Pains and Oppression of the Chest and Lungs, Difficult Breathing and all the Diseases of the Pulmonary Organs.

ITS ACTION IS EXPECTORANT, ALTERATIVE, SUDORIFIC, SEDATIVE, DIAPHORETIC AND DIURETIC, which renders it one of the most valuable remedies known for curing diseases of the lungs. It excites expectoration, and causes the lungs to throw off the phlegm or mucus; CHANGES THE SECRETIONS AND PURIFIES THE BLOOD; heals the irritated parts; gives strength to the digestive organs; brings the liver to its proper action, and imparts strength to the whole system. Such is the immediate and satisfactory effect that it is WARRANTED TO BREAK UP THE MOST DISTRESSING COUGH IN A FEW HOURS TIME, if not of too long standing. IT IS WARRANTED to give entire satisfaction, even in the MOST CONFIRMED CASES OF CONSUMPTION. IT IS WARRANTED NOT to produce costiveness, which is the case with most remedies, or affect the head, as it contains no Opium in any form. IT IS WARRANTED TO BE PERFECTLY HARMLESS to the most delicate child, although it is an active and powerful remedy for restoring the system. THERE IS NO REAL NECESSITY FOR SO MANY DEATHS BY CONSUMPTION, when ALLEN'S LUNG BALSAM will prevent it, if only taken in time.

Sold by all Druggists. Price $1 per bottle.
